The worship committee & Fred decided on three different ideas for three series of sermons in 2022

1) Creation and our relationship to it. The sermons will draw on the biblical story of Genesis. A series of three or four sermons on changing climate systems, animals and carbon footprint.

2) Compassionate church. How can the church continue to be a place of caring and love? The sermons will draw on Paul's message to the church and the role in the world. Ideas are to talk about pastoral care, casserole theology and welcoming hospitality.

3) Authority in the life of the church. Who gets to speak for the church? People wondered where Jesus got his authority. How does the church give authority to the leadership of the church?
